

SWS Translation Agency: the only translation agency present
at the **Tire Technology Expo 2017**.

The automotive industry is indisputably global. The processes of research and development, as well as manufacturing and servicing for the same product may take place in multiple locations around the world.

It is a fact that many different people of all languages and cultures work on, and use, machines and vehicles. As a result, the documents relating to these processes must be translated systematically, accurately and, above all, consistently.

Of course, in order to be translated correctly, one **MUST** understand the source correctly.

At SWS Translation Agency, the team believes in the principle that *"If you can't understand it, you cannot tell its story"*.

SWS Translation Agency has the privilege of being the only translation agency to attend the **Tire Technology Expo 2017**.

SWS Translation Agency is Swiss Solutions' sales hub from Germany and is a leading provider of translation services, starting with a particular focus on **Automotive industry**. As a translation agency, the company offers one-stop professional translations, as well as services of localization, interpreting, proofreading, text editing, desktop publishing (DTP) and certifications.

Since **2004**, the company has offered fast, high quality and professional translations for various subject areas, such as Automotive, Engineering, Legal, Economics, IT and Marketing, at an excellent price-performance ratio. In addition to this, **SWS Translation Agency** is **ISO 9001 certified**. This standard provides the framework and a set of principles on management, to satisfy customers and other stakeholders of the company.

Each translation project is, consequently, implemented with a high level of commitment by in-house professional translators and more than **3,000** collaborators.

The purpose of **SWS Translation Agency** is to support companies which operate in the **Automotive** field in every phase of their development.

Operator manuals, training materials for service experts, marketing publications, internal communication materials, software localization, agreements, auditing reports or financial and transaction documents are just a part of the wide range of documents covered by **SWS Translation Agency's** specialized, mother-tongue translators.
